Dear Potential Spokane Firefighters Credit Union Member,

As a firefighter or employee of a fire department or fire district in Washington and Northern Idaho you are eligible to become a member of Spokane Firefighters Credit Union. Your immediate family members may be eligible as well. You will find over the course of your career that a membership in this organization will be one of the most valuable benefits you will receive. Our organization is governed and managed by firefighters just like you and has served firefighters and their families since 1934. We have always provided personalized financial services to our members like most have never experienced before.

Our member owned financial cooperative offers a full line of services, such as loans on new and used vehicles, home mortgages, lines of credit and first-time home buyer programs. We also have checking and savings accounts, online banking, online bill pay, mobile banking (w/ Remote Check Deposit), VISA debit and credit card controls in the mobile app and much more. Our free shared branching and ATM network allows you to access your account from almost anywhere.

We encourage you to take this opportunity to establish a relationship with the only organization that is devoted to the financial well-being and prosperity of the local firefighter community. This credit union is built on the financial participation of our member/owners and through this strength we are able to offer very competitive rates and low-cost products to our firefighter families. Also, nearly all of our charitable dollars stay right in our firefighter communities, making impacts on the things that are most important to our members.

Please visit www.firecu.net or call a member service representative at 509-484-5650 with any account opening questions. Email inquiries can be made to memberservice@firecu.net. We look forward to hearing from you!

Thank you for considering a relationship with the Credit Union!

Sincerely,

Gayle Furness
CEO
